The new Tripartite Universal Federal Democracy of Haiti's called for elections for 30 Senators, 120 Representatives, 10 Governors, 10 Regional Assemblies and 30 provincial Supervisors on December 4, 2022.. President, Vice-president and Prime Minister and Municipal Elections will be held on August 27, 2023 a President elected for four (4) years as the Head of the Federal Executive Council, a Vice-president as the President of the Senate and the Committee on the Reconstruction of Haiti, a Prime Minister as the Head of the new 18 Ministers' Federal Government, 10 Regional Governors, 10 Regional Assemblies, 30 Provincial Councils of Supervisors, 150 Mayors and Municipal Councils made by Sections Chiefs from all 800 Districts to be elected by the People, between December 4, 2022 and August 27, 2023.

The truth of the matter is the following: "Can Haiti, after 223 years of saving mankind from selling men, women and children into slavery, save Democracy by introducing a simple Touch Screen with Biometric ID -Voting-System, for those who do not even know how to READ?" As of Sunday December 4, 2022 the People of Haiti might just do it again. "This time by saving democracy from Voting Frauds and turning True Voting Power to the voters of Port-Republicain, perhaps, the entire Human Race."
